

EnvelopeAPM Inc.
A New Approach

THE + **SMART WAY** to
Manage
Aviation Projects

As Aviation Project Management specialists, we:

- Control Scope Creep
- Manage Change Control
- Deliver results on time and on budget
- Focus the project team on the solution
- Obtain project buy-in from disparate groups
- Define a critical path for the completion of your project
- Create estimates for project resources, time and costs
- Communicate project progress, risks, and changes
- Explore project assumptions
- Plan for unexpected project issues, and
- Document, transfer and apply lessons learned from your project
